Kwest Professional Services

ARCHITECTURE AND ENGINEERING.

STATEMENT OF PROFESSIONAL QUALIFICATIONS

Kwest Professional Services, (Kwest) is an innovative multi-disciplined professional firm providing comprehensive services in project planning and evaluation, project design and analysis, and project implementation and management in the areas of Architecture; Civil Engineering; and Real Estate.

The firm's principals and key staff members have extensive and diverse experience on complex architecture and engineering assignments and are highly regarded for their creativity, professionalism and ability to undertake major architecture engineering projects from their inception to design through to implementation phases.

Kwest is a results oriented firm. Our project approach and execution is driven by the desire to accomplish the project objectives not only within expectations but above. We continuously strive to ensure that our clients' needs are fully satisfied. This dedicated commitment to our projects is not merely a response to contractual warranties, but a genuine interest and relationship that continues through the completion of the project...and beyond.

Kwest seeks to provide a higher level of service in the analysis, design and management of projects and properties. Our in-house computing capabilities provide us with increased sophistication in our approach, production and delivery of services. The professional and technical support staff of ***Kwest*** consists of Architects, and Engineers and an extensive library of engineering software including computer aided design and drafting (CADD).

Kwest understands the day-to-day challenges faced by owners and professionals in today's dynamic architecture, engineering and construction industry...***rapidly changing technology...complex and constantly changing regulations, codes and standards...strict budgetary constraints...importance of timely delivery of services.*** Finding the most effective, most functional and appropriate solution to these challenges is what our firm does best. At ***Kwest*** we recognize that behind each project are the specific and unique needs of the owners, the project managers and project directors. Our firm is genuinely responsive to these needs and is committed to working together to achieve the desired common goals of the project. Because of this fact we are proud to say that our clients always regard us as an integral partner in the overall project planning, design and implementation process.
